

WALCHAND INSTITUTE OF TECHNOLOGY, SOLAPUR

INSTITUTE CORE VALUES

In line with vision of parent body, SAPDJ Pathashala “**Education is our Religion**” the institute has developed the culture of a shared system of values, ethics, beliefs and a right attitude that shapes and influences behavior of individuals contributing towards the progress. This culture is followed throughout the organization from top to bottom right from the inception. Continuous change towards improvement is a policy in the minds of all stake holders. This culture exhibits core operating principles that guide us throughout our planning & implementation. We decide a strategy and adhere to it till its completion. Following mentioned our core values have enabled the institution to scale the heights.

- **Student-centered:** Our primary mission is to not only concentrate on educating students in their chosen programmes, but also to develop a complete personality that exhibits leadership, innovation, team spirit and a positive contributor to the society for nation building.
- **Learning-centered:** To nurture faculty with intellectual thinking, flexibility, knowledge, skills integrating research, assessment and learning to promote continuous improvement of students through dedicated commitment.
- **Excellence:** To pursue high standards through opportunities for achievement in teaching, research, innovation and service to all stake holders.
- **Diversity:** To embrace and tune to diversity in all its dimensions realizing that mutual respect for individuality and inclusion of all are vital for each person contributing to institutional success.
- **Service:** To appreciate support and recognize services at all levels of the institute leading to benefit of all contributors resulting to the success of the institution.
- **Honesty & integrity:** To be committed to promote honesty & integrity assuring that academic performance is reliably evaluated and fairly rewarded.
- **Accountability:** To foster an environment where members of the institute understand and accept responsibilities for upholding and reinforcing core values.
- **Synergy through team work:** To focus on the traits of team work, good communication, empowerment and commitment to a goal benefiting all.
